

BALEBOSS

SQUARE BALE PROCESSOR

BALEBOSS 1

SQUARE BALE PROCESSOR

SOMETIMES HAVING ALL YOUR WORK AHEAD OF YOU IS A GOOD THING.

The Boss 1 is a square bale processor that mounts on your skidsteer or tractor loader combining adaptability with accessibility. Now you can feed and bed in the tight spots that are nearly impossible to get to with a trail behind processor. From feeding to bedding, this hydraulically driven processor is ready to take charge.

The unique loader-mount design means you can raise the Boss 1 above gates and pens giving you greater control of where the bale ends up. The versatility of a loader mounted unit makes operating it easier and more comfortable. Because the Boss 1 is upfront, loading bales is quick and simple, just Scoop N' Go.

The Boss 1 handles mid size square bales up to 8 feet long. By simply adjusting the distribution chute your Boss 1 is now ready to go from bedding straw, to fence-line feeding, to filling bunkers, to windrowing large bales for rebaling.

Put hard work behind you and get a Boss 1 upfront.

SPECIFICATIONS	BALE BOSS 1
Min hyd. flow	18 gpm*
Weight	1200 lbs
Width	122"
Length	58"
Height	52"
Bale sizes	32"x34" and 34"x48", up to 96" long

* for optimal spreading performance high flow is recommended

FEATURES

DUAL TOP PADDLE ROLLERS

The aggressive dual top paddle rollers make sure you get a consistent feed of the bale.

OPTIONAL THIRD BEATER

This optional beater assists with the processing of 3 x 4 bales.

FLAIL ROTOR

The Boss 1 has 12 flails to provide consistent processing performance.

ADJUSTABLE CHUTE

The variable position chute allows you to go from bedding, to feeding, to windrowing.

SKIDSTEER/LOADER MOUNT

A quick attach makes connections a breeze.

HYDRAULIC DRIVE

The adjustable hydraulic drive gives you total control of bale processing.

BALEBOSS 2

SQUARE BALE PROCESSOR

LEAVE IT TO THE BOSS.

The BOSS 2 is the perfect tool for all of your Square bale processing needs. From bedding to feeding, the BOSS 2 can manage it all.

The BOSS 2 is fully adjustable to fit 3'x3', 3'x4' and 4'x4' square bales, up to 9' long monsters. The adjustable distribution chute allows the same machine to bed livestock with bales of straw then feed into bunkers or windrows with only a quick adjustment. The adjustments don't stop there. The BOSS 2 is also equipped with adjustable cutting knives that help to further chop up bedding material for a finer and more consistent spread.

The hydraulic feed is also adjustable, allowing you to control the flow and speed of feeding. The flail roller is PTO-driven and adaptable to either 540 or 1000 RPMs, while the upper paddle roller is hydraulically controlled and also fully adjustable. The hydraulic self-loading forks allow you to load one bale and have another standing by ready to go.

SPECIFICATIONS	BALE BOSS 2
HP Required	80-180
Tire	12.5L x 15
Weight	3860 lbs
Width	143"
Height	93"
Length	130"
PTO	540 or 1000 RPM

OPTIONS

FEATURES

ADJUSTABLE CUTTING KNIVES

The adjustable cutting knives can be raised to further process material cutting it as small as 4.5 inches for more uniform bedding material.

ADJUSTABLE DISTRIBUTION CHUTE

The adjustable chute allows you to quickly change between fence line feeding, bunker feeding, or windrowing - all with precise control.

TOP PADDLE ROLLER

The paddle roller feeds the top portion of the bale into the flail. Height and speed adjustments allow for different sized bales.

ADJUSTABLE HYDRAULICS

All hydraulics on the BOSS are adjustable so you can find the perfect combination of speed and material for your application.

BELT TENSIONER

The adjustable belt tensioner allows simple worry free servicing of the main drive.

BALEBOSS 4

SQUARE BALE PROCESSOR

Providing increased capacity the Bale Boss 4 can carry up to four 4'x4'x9'. The bales are easily loaded with the hydraulic self loading deck. Raise the deck to spear your stack then lower it back into position. Equipped with dual apron chains the hydraulically driven drive system simultaneously powers two apron chains, ensuring that the bales glide across the deck and into the awaiting shredder.
